

## ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the  
Wireless on the Streets of Anderson

Baptists Ordained  
Two New Officials.

Interesting exercises were held at the First Baptist Church last Sunday night when J. A. Brock and E. E. Clinkscales were ordained deacons of the church. R. E. King has also been elected deacon but he was out of the city. The exercises Sunday night were conducted by Revs. O. L. Martin, W. W. Leathers, John P. Vines, P. H. Larrison and O. L. Orr and were very impressive and very interesting. A large congregation witnessed the service.

Aiding Old  
With Singing.

A request has been issued that all the signers of the city, willing to assist in the concert to be given at the Confederate veterans here, gather at the Baptist church at 6 o'clock this evening for the rehearsal. It is planned to have the voices as well trained as possible by the time the great event arrives and it is expected that this will be one of the chief events of the reunion. Anderson people willing to sing are asked to remember the time and place of the rehearsal and to make an effort to be present on time.

Club Women  
Will Attend.

Anderson club women are making arrangements to send representatives to Spartanburg this week for the convention of the Federation of Women's Clubs. Mrs. Rufus Fant will be one of the representatives from Anderson and will respond to the address of welcome. A number of other prominent club women of the city will be in attendance and will take an active part in the program. The event is one of the principal affairs of the year with the club women of the State and it is said that a very interesting program had been arranged for this year.

Found The Best  
Right at Home.

A party of Anderson autoists took a trip last Sunday during which they traversed portions of Greenville, Spartanburg and Cherokee counties, traveling about 200 miles all told and they found the best road on the trip right on the outskirts of Anderson, near the Bailey, Fools hill. This is a splendid highway and easily the best road to be found in this section of the country. It is of the sand clay variety and reflects credit upon the road forces of Anderson county.

## Extra Verber

An extra venire for Anderson county court was drawn yesterday morning, this being due to the fact that a number of the jurors were excused. The following is the official list as furnished by the Clerk of Court: John E. Sadler, Anderson; S. W. Willford, Anderson; W. C. Smith, Anderson; W. M. Wallace, Anderson; L. S. Horton, Anderson; W. S. Manning, Anderson; A. B. Yon, Anderson; J. L. E. Jones, Anderson and N. R. Green, Centerville. Great interest is being manifested in the court proceedings and the city was filled with visitors yesterday.

## Baseball Game

Was Postponed.  
A baseball game to decide the championship between the Anderson High School team and the Fraser Academy team had been planned for yesterday, to be played at Beuna Vista park, but owing to a negro game being scheduled the two teams had to postpone the encounter. The A. H. S. team will leave tomorrow for a three days trip. A game will be played tomorrow afternoon in Spartanburg against the Bethelites team and on Thursday an encounter will be staged in Greenville with the Furman Fitting school team, followed by a game with the Central school of Greenville. The championship game with the Academy will be played next Monday at Beuna Vista.

## Anderson People

Visiting Atlanta.  
Among those Anderson people leaving for Atlanta in advance of the delegation of Shriners from this city were: Mr. and Mrs. R. R. King, Misses Weeza Glimmer, Louise Thornley, Sarah Hayes and Mrs. A. S. Farmer. Quite a number will leave today and throughout the great Shriner celebration Anderson will be well represented.

## Mr. Norryce Is

In The Mountains.  
C. W. Norryce, who has been the city editor of the Daily Mail for a number of years, has gone to the mountains above Wallhalla and will remain there for some weeks. He believes that the mountain air will do much to restore his health and it was on the advice of physicians that he made the trip. W. L. Brissett took Mr. Norryce to Wallhalla in his touring car, the trip being made Sunday. Mr. Brissett said that Mr. Norryce stood the trip well.

## Texas Man

Is Back Home.  
Joseph A. Jolly, at one time a citizen of Anderson county and native of this section, is spending a month here with relatives. Mr. Jolly has been making his home in Texas for the last 43 years and now lives at Naples. He came to Jacksonville for the Confederate reunion and on to this city for a visit to relatives and to await the State Confederate Veterans Reunion. He talks interestingly of Texas but says that it is really in due to get back home once more.

## CABBAGE SNAKES

Some years ago a Tennessee doctor who "didn't mind getting his name in the papers," lost a patient. He discovered that the unfortunate man had eaten some cabbage the day before and "Sherlock Holmes" like, the doctor proceeded to his garden to examine his cabbage patch. After a patient search he found on a head of cabbage a long slender worm which he did not remember ever having seen before. Ah! cried the scientist, I am hot on the trail of a great discovery! In order to verify his theory he invaded the cabbage patches of his neighbors, and there too he found the unfamiliar worm. About that time he heard of another man who had died in a neighboring county and he decided to "investigate" the case. He found that this man also was fond of cabbage and had therefore, in all probability partaken of the succulent leaf.

By this time the innocent worm, familiar to every student of zoology, had assumed the dignified title of a "cabbage snake" and the doctor was ready for the newspaper reporters. Obliging publishers in all parts of the country copied his reports and the people read and shuddered. The bottom dropped out of the cabbage market and train loads of perfectly good cabbage rotted on the railroad sidetracks. And then they all woke up.

It was the same way with the terrible tales about Coca-Cola. For one started a report that it was an alcoholic and intoxicating drink and as a result Coca-Cola was barred from the army post exchanges. The manufacturer appealed to the War Department; the chemists of the Bureau of Chemistry of the Agricultural Department analyzed the product and lo! and behold there wasn't any alcohol in it. And then they all woke up.

Then some one else started the rumor that Coca-Cola contained cocaine, the deadly, habit-forming drug. Some people believed the report and obligingly passed it on to their friends and neighbors. Even state legislatures got excited and took up the matter of prohibiting its sale. Then they had the chemists analyze it, and found that it didn't contain any cocaine at all. And they all woke up.

THE INSPECTION  
IS WELL LIKED

People in Seneca and Spartanburg  
Have No Complaint to Make  
Of Its Operations

The attack at Greenville by Gov. Blease upon the proposed medical inspection of school children has attracted attention to the bill as nothing else has done. The governor is reported, at Greenville to have told the people in the Monaghan mill village that he would pardon any one killing a doctor making an inspection of a girl child under such a law.

Such a law is in force in Spartanburg and in Seneca, we are informed, and any board of health can pass such regulations. A gentleman from Seneca told a reporter for The Intelligencer yesterday that the people there say the regulation is helpful to the people in showing them before it is too late, troubles with eyes, throat, teeth and ears, which if taken in time may be stopped, but if left to run on might cause prolonged illness and suffering. The medical inspection is never made except in the presence of the teacher or nurse and no exposure of the person is permitted, and therefore no embarrassment is possible. In fact the children as a rule enjoy the proceedings. Usually several boys are examined at one time or several girls.

## Orders Americans Out.

Washington May 10.—At 1:14 o'clock this morning, Acting Secretary of the Navy Roosevelt instructed Rear Admiral Mayo to remove all Americans from Tampico and vicinity because of the danger from the impending attack on the city by constitutionalists. The admiral was ordered to advise the American consular force at Tampico to cooperate with him.

DRINK MORE WATER  
IF KIDNEYS BOTHER

Eat less meat and take Salts for Backache or Bladder trouble—Neutralize acids.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps up lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is warm.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which ever you want to take now and then to keep the kidneys clean and active. Drugists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Rev. Mr. Jeter of Alken was in the city yesterday for a few hours, en route to Greenville. Mr. Jeter was formerly rector of Grace church here and is at present chaplain of the First Regiment, S. C. National Guard.

## GEORGIA SENATOR

Getting a Reputation for his "Horse Sense" in Washington.

Atlanta, May 8.—Another "Georgia Cracker" is making a reputation for "horse sense" at Washington. A letter from a well-known Georgia congressman commenting on the situation, says that Georgia's new United States Senator, Col. W. S. West has splendidly impressed his colleagues, and that without trying to make any impression at all.

"He has certainly measured up to the standard," the congressman has written. "They recognize that his head is chock full of horse sense and that he is politically and mentally as honest as the rising sun. He is not so straightforward with it all that he makes a favorable impression on all."

LADIES! LOOK YOUNG,  
DARKEN GRAY HAIR

Bring back color, gloss and thickness with Grandma's recipe of Sage and Sulphur.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn away gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 30 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so easily. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hair have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. SOLD BY EVANS PHARMACY, Anderson, S. C.

HIGH SCHOOL HAS  
ARRANGED GAMES

Hard Week Ahead of Baseball  
Team Representing Anderson  
High School

The baseball team representing the Anderson high school has a hard week ahead of it. Monday they will play the Furman Fitting school in Anderson and it is expected that the hardest game of the season will take place. Anderson won from Furman last Friday and the Greenville lads are determined to have revenge while the local boys say that they will again put the "Indian sign" on the visitors. The attendance at the last game was worse than poor, it was downright disgraceful and it is up to the public to help out in the game tomorrow.

The high school team will leave Wednesday for a series abroad. It will play the Bethelites high school in Spartanburg and returning the local boys will stage a contest with the Central high school of Greenville in Greenville and will also play the Furman Fitting school in Greenville. The high school boys are confident that they will be able to win out in all the games on the road. They will be accompanied on the trip by a number of students to do some rooting.

## READING ROAD HEAD

Morgan Company Man Chosen As Chief of Board.

Philadelphia, May 8.—Edward T. Stotesberry, of this city, a member of P. Morgan and Company, and of the Drexel firm of bankers, of Philadelphia, today was elected president of the Reading Company, the holding corporation for the Philadelphia and Reading railway and Philadelphia and Reading Coal and Iron Company. Theodore Vorehees, vice president of the railway company, was made president of that corporation and W. J. Richards, vice president and general manager of the coal and iron company, was elected president of that organization.

## ALL DAY PICNIC

Will Be Given Saturday Week at the School House at Zion.

There will be an all day picnic at Zion school building, Saturday, May 16th. This in connection with the excellent school which has been conducted by Prof. B. C. Cromer and his assistants. "Dinner" will be served on the grounds, is the interesting announcement. The speakers who have accepted invitations are Prof. W. S. Morrison of Clemson College, T. Frank Watkins and William Banks of Anderson.

## DISPENSARY LAWS

The following is a copy of the law from the Code of 1912:

860. How Sale and Manufacture May Be Prohibited: Any county may prohibit the sale and manufacture hereinafter licensed within its limits in the following manner: Upon the petition of one-fourth of the qualified voters of the county for an election upon the question of manufacture, there being filed with the Supervisor of said county, he shall order an election, submitting the question of manufacture or no manufacture; which election shall be petitioned for, ordered and conducted in the same manner provided by Sections 861, 862 and 863, etc.

861. Special Election to Determine if Liquor shall be Sold in any County: The question whether liquor and beverages may continue to be sold in any county in the State shall be determined at a special election to be held in such county on the first Tuesday following the first Monday of November in any year in which a general election of state and county officers is appointed by law to be held. Such election shall be ordered by the county supervisor of such county upon there being filed with him, before the first day of May of such year, a petition in writing, praying for such election, being signed by one-fourth of the qualified electors of such county. He shall give 30 days notice by advertisement of such election and the same shall be held and conducted by the same officers and under the rules for general elections. Successive elections under this section are permitted, but they shall not be held in any one county upon the same question oftener than once in four years.
